

1 x 11W FLUORESCENT AMENITY LIGHT

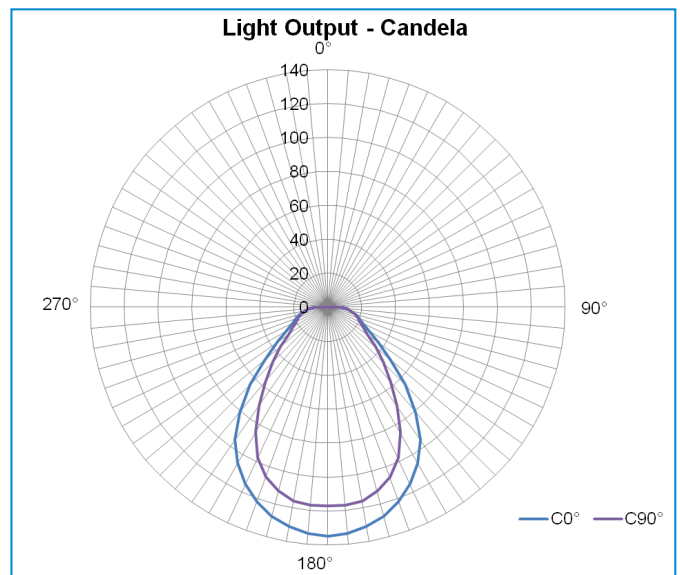

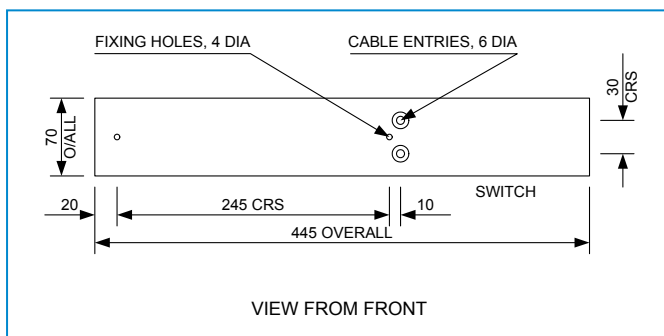

One of a new range of high quality compact units from McGeoch, this 11W fluorescent fitting is designed to provide a cost effective light source within the confines of cabin dressing areas and over wash basins. It has several key features:

- Robustly constructed from mild steel
- White powder coated, easy-to-clean surface
- High efficient 11W fluorescent tube
- Easily surface mounted with two fixing screws
- Integral on/off switch (pull cord version available for use over wash basins)
- Dual Voltage (Switched 230V/Off/115V) isolated shaver output

Mounting & Light Output Details

The 11W Fluorescent Amenity Light light is easily mounted via two 4mm diameter fixing holes in the bank panel where there are also two 6mm diameter cable entry points.

Other Product Ranges

- Military ruggedised surface ship lighting range
- Military ruggedised submarine lighting range
- Ruggedised Switchgear range
- Connectors
